The above mentioned property was proposed to be assessed at R.V. of Rs.93,000/- w.e.f. 1.4.99 on account of re-construction of Building. Notice U/S.126 of DMC Act was served upon the assessee. In response Sh. Manoj Kohli s/o assessee attended this office in public hearing and requested to decide the pending case as he wants to clear the tax liabilities. He stated that the building was constructed with the collaboration of builder. GF & FF portions of the building are kept with them and BM, GF & FF portions are surrendered with the builder. He further requested that the RV of GF & FF may be fixed separately so that they can make the payment independently, as the GF is occupied by him and FF is occupied by his mother. He has submitted valuation report, photo copy of Sale Deed, Mutation letter, conveyance Deed. He wants decision on merits.

AZI report is available in the file according to which accommodation is as per 'A' form and property is in self res. use.

I have gone through the assessment file and find that the plot area is 100 sq.yds. purchased in 1958. Now the construction has been made with the collaboration of Builder and GF & FF are kept with the owner whereas BM, GF & FF are surrendered with the Builder. Now the tax payer wants separate portion-wise assessment of GF & FF. The assessment is made as under:-

GF (Sh. Manoj Kohli):- Plot area is 100 sq.yds. purchased in 1958 when the land rate in this vicinity was Rs.20 per sq.yds. and cost of land works out to Rs.2,000/-. Proportionate 1/5th cost of land for GF works out to Rs.400/-. As regards the construction the tax payer has submitted valuation report showing the cost of construction at Rs.2,00,000/- which seems to be reasonable having used old material hence accepted. By adding the cost of land aggregate value of GF works out to Rs.2,00,400/-. Accordingly R.V. @ 10% and after allowing 15% statutory rebate works out to Rs.17930/- which is fixed w.e.f. 1.10.99.

FF (Smt. Usha Kohli):- Plot area is 100 sq.yds. purchased in 1958 when the land rate in this vicinity was Rs.20/- per sq.yds. and cost of land works out to Rs.2,000/-. Proportionate 1/5th cost of land for FF works out to Rs.400/-. As regards the construction the tax payer has submitted valuation report showing the cost of construction at Rs.2,60,000/- which being reasonable is accepted. By adding the cost of land aggregate value of property works out to Rs.2,60,400/-. Accordingly R.V. @ 10% and after allowing 15% statutory rebate works out to Rs.22,130/- which is fixed w.e.f. 1.10.99.
